Radio Basics

- Listen before speaking. Be clear
- Press transmit button and wait 2 seconds before speaking
- BATS – Brevity, Accuracy, Timing Secrecy.
- Use your call sign at all times
- Check your Channel & Volume often
- Speak 2-3" from Mic or Radio
- Check in using radio at start of your shift

Radio Protocol

THIS IS	How to identify yourself
OVER	<i>Transmission finished, awaiting a response</i>
OUT	<i>Radio conversation ended</i>
SAY AGAIN	<i>Please repeat your transmission</i>
STANDBY FIVE	<i>Asking the caller to wait whilst further clarification is sought</i>
COPY	<i>Message is understood</i>
PRIORITY	<i>Indicates User is superseding all other communication</i>

Some examples on calling:

"Security 5, Security 5, this is Usher 3, over"

Security 5 would then answer:

"Usher 3, Usher 3 this is Security 5, go ahead, over" End communications with "Out"
