Jeff and Geoff at the WH - UHF and VHF/ MDMRS

Doug at Ckpt 5 - The Summit - TX 449.8750 and RX 444.8750

Gord at at Ckpt 6- Customs - 146.520

Deb at Ckpt 7 - Klukwan Pullout - 146.520

Bob at the finish - 446.000

Roaming: David on 146.520

Passing through mid morning with Data Disks from Ckpt 1 and 2 to the finish line: Bob

Also keep in mind we are having network problems, most likely originating from Pilot. This means the 52 remote base used for the bike race will continue to cycle on and off. Therefore, you will have to wait until its off before talking (the only person that can't hear it is Bob at the finish) and then speak quickly, clearly and to the point. If cut off by the WAN, don't worry, wait a minute and try again.

Have fun!

Jeff
